Tucker for Congress and

RE: MUR 6871

Dear Mr. Tucker and Mr. Stremel:

On September 15, 2014, the Federal Election Commission notified Tucker for Congress and Edwin A. Stremel in his official capacity as treasurer ("the Committee"), as well as Joshua J. Tucker, of a complaint alleging violations of the Federal Election Campaign Act of 1971, as amended (the "Act"). On May 19, 2016, based upon the information contained in the complaint, and information provided by the Committee and Mr. Tucker, the Commission decided to exercise its prosecutorial discretion to dismiss the complaint and close its file in this matter. Accordingly, the Commission closed its file in this matter on May 19, 2016.

Documents related to the case will be placed on the public record within 30 days. See Statement of Policy Regarding Disclosure of Closed Enforcement and Related Files, 68 Fed. Reg. 70,426 (Dec. 18, 2003) and Statement of Policy Regarding Placing First General Counsel's Reports on the Public Record, 74 Fed. Reg. 66,132 (Dec. 14, 2009). A copy of the dispositive General Counsel's Report is enclosed for your information.

52 U.S.C. § 30120(a)(1)

The Complaint alleges that the Committee violated the Federal Election Campaign Act of 1971, as amended (the "Act") and Commission regulations by distributing an automated telephone message recorded by candidate Joshua J. Tucker, which lacked a disclaimer stating that the Committee had paid for it. Among other things, any political committee's automated telephone message that qualifies as a public communication must contain a statement identifying it as the payor. Respondents concede that they inadvertently omitted that particular statement from the other disclaimer language in the recorded message, but assert that they took quick remedial action after being made aware of the error. In addition, the transcript of the phone message contains information that reflects the identity of the candidate whose committee was responsible for it.

Based on its experience and expertise, the Commission has established an Enforcement Priority System using formal, pre-determined scoring criteria to allocate agency resources and assess whether particular matters warrant further administrative enforcement proceedings. These criteria include (1) the gravity of the alleged violation, taking into account both the type of activity and the amount in violation; (2) the apparent impact the alleged violation may have had on the electoral process; (3) the complexity of the legal issues raised in the matter; and (4) recent trends in

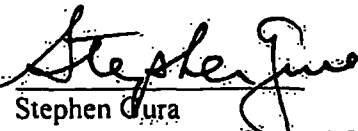

potential violations and other developments in the law. This matter is rated as low priority for Commission action after application of these pre-established criteria. Given that low rating and the other circumstances presented, we recommend that the Commission dismiss the allegations consistent with the Commission's prosecutorial discretion to determine the proper ordering of its priorities and use of agency resources. *Heckler v. Chaney*, 470 U.S. 821, 831-32 (1985). We also recommend that the Commission close the file as to all respondents and send the appropriate letters.
